B. Welcome to Camatics

We are very pleased to welcome you as a Camatics policyholder

We are committed to dealing with your claims effectively and efficiently to minimise third party claim spend wherever possible. The 'Camatics System' has been developed to help us and our policyholders achieve these goals.

All Hardware and related services are supplied by Camatics Ltd, company number 09229880.

B1. Important Note – The Panic Button

The 'Camatics System' will automatically send alerts where it detects a significant impact HOWEVER depending on the circumstances and severity of the accident an alert may not be triggered.

Every 'Camatics System' is supplied with a PANIC button. We believe that the fast notification of accidents and possible claims is the key to reducing claim costs and we strongly recommend that the PANIC button is pressed in the event of all incidents. We will even reward you for doing so!

In the event that the PANIC button is pressed within 15 minutes of the incident and the resultant claim amount exceeds the excess applicable, we will waive the first £1000 of any excess that otherwise would have applied to that claim.

In the event that the accident has rendered the camera inactive the incident can be reported on the below claims telephone number in order to qualify for this reduced excess.
