###,

Thanks for sending this information through & was great to e-meet Sarah – i`m not sure if e-meet is a word but some tech whizz kid said it to me a few days ago so i`m going with it!

As you`ve noted below, another positive meeting with you & the team at DCL.

I stayed on the call with the guys and they asked me to pass on their regards for how hard you work for them and fight their corner for them.

I`ll review this with the guys and let you know if any queries.

Thanks again.

Hi #####,

I've been copied into this thread from my claims department. The MD at ##### called me directly when the CCJ was discovered and I promised him we would resolve it without delay. I want to thank you for your speedy action and professional approach. I've been in this unfortunate position many times over the years and I can't recall a better response from the insurers and solicitors.

Have a great day.

Lucy,

Thank's so much to both you and Steve again for what was a really informative and productive meet and I genuinely mean that. I wish we'd have done it more over the years as I feel that in just two meetings with you both, I now understand the challenges that you / DCL are under more and in turn it gets your brain ticking over in terms of what we can do to further assist in to the future (which we will).

In addition I think the ease / speed in which the couple of claims have been settled since the first meeting a few months back show that working together has its undoubted benefits and I hope that long continues.

It's surprising just how beneficial both meetings have been. In my opinion and I think from a business point of view it would do wonders for you if you can fit more in with other customers. Despite being time consuming, it puts a face to an otherwise faceless industry. It's the first time I have liked an insurance company put it that way.

Hello #####,

Thank you for the update with internal conversations.

You have shown exceptional service and coordination and to arrange courtesy car and pick up of our vehicle in less than 48 hours of the crash is outstanding and no hassle to me and my family. This level outdoes other sectors like banking, we could learn from this too.

Shame you don't do individual insurance but will be recommending you to my friends that have commercial businesses. If you want me to leave a review anywhere please let me know and happy to do so.

Not sure if you've heard yet, but we have lost the client with immediate effect so we'll no longer be dealing with their claims.

I'll be closing my files and new broker will no doubt be in contact with you going forward.

Thanks for your help on the account and hopefully we'll have a crack at winning them back in a year or two.

The recent updates you have kindly supplied, for our clients ### and ### have been very helpful. I have found it to be beneficial and must admit that many of my previous doubts have been 'put to bed'. Hi ####,

I recently received a text asking me to rate the quality of the repair to my car and the overall service. I thought it better to write you a more personal note with regards to passing on my thoughts. To begin with, I think the recent reward you received in 2019 was richly deserved. Not only did you respond swiftly to fixing the damage to my car, you also provided me with an alternative vehicle in record time! I thank you for this as me and my family would have been left massively inconvenienced without a car.

As for the repair. You did an EXCELLENT JOB! "Pentagon Middleton" kept me notified on the progress and delivered the vehicle back to me in pristine condition! Well done indeed! Especially, I 'd like to thank Gareth whom carried out the repairs and was incredibly supportive throughout this time. The quality of the work, upon inspection was top notch!

Considering that during this current climate they would have been working with only a "skeleton crew". I am amazed how quickly they turned this around!

Overall, I would like to thank the driver who damaged my car for his honesty and quick response when accepting full liability. To DCL COMMERCIAL for your professional service and to Pentagon (Middleton) for the brilliant work carried out.

It is good to know in this day and age that this high level of service and complete honesty still exist. Congratulations to you all and I wish to award you a clear 10/10 for all your brilliant work!

Well done indeed.

Afternoon #####,

With reference to DCL, please see comments below from Joanne who manages our insurance claims.

“DCL have been a pleasure to work with this year, they are very good at responding rapidly. Reporting to them is very easy, and they are thorough with the investigations into accidents. Dealings with the third parties are handled well to keep the costs down. We have felt that DCL are on our side, which is something we haven’t felt with other insurers”

Thank you for your prompt response and I hope you had a good weekend.

Further to the below, The Claims department have added a line on to the generic acknowledgement email asking if they should send the accident details to the ULR agents, I am guessing on instructions from your good self, which I think is great.

It is much more seamless and efficient. I am very happy with this.

"Just wanted to drop you a quick note to thank you and the team for their excellent claims handling service.

Since Ian and I set up our own business we've been able to take control of how our clients deal with claims and the DCL approach is a breath of fresh air.

I met with ##### last week and also had a conference call with ##### and both were very satisfied with how their polices are being dealt with.

Ian and I are selling ourselves on service & to do that we need the back-up behind us and we believe we've got that with you.

Please pass my thanks to the team also".

“Just wanted to drop a quick note in regards a recent experience I had helping out our Claims Team with an incident involving our mutual client.

Specific details not too relevant but we needed a TP bill paying quickly as insured had arranged the repair to assist with a local supplier and keen to close off quickly.

Dealt with a guy called Russell in your team who I have to say was excellent – basic things in terms of sorting assessor, reports and settlement cheque, but on to it daily and called us back when requested or when an update was available to keep us informed.

Sounds simple things but after 25 years of still waiting for some insurers to call is back, it was hugely refreshing to deal with a proactive sounding claims team!”

Thing is for us, we tell these clients the same thing but unfortunately I think they believe that we are saying things to protect the insurers which isn’t the case as you know, so to hear it from the horse’s mouth just re enforces what we are trying to achieve.

As a wholesale broker we don't tend to get involved in too many claims but I have heard on more than one occasion of our brokers complimenting the claims service and building good relationships with your team. On the couple of claims that I have been asked to get involved in I have found the new set up a breath of fresh air and as you know am very grateful for the assistance you have personally given us on many occasions in the past few month.
